

In the Specification:

Page 12, line 28 through page 13, line 5, please amend the paragraph as follows:

In the practice of a method embodiment in which the game elements 1 occasionally hit a surface, the method (Fig.2) includes accepting bets on a registration of a game event performed by game elements 1 which are capable of moving in space, registering a game event occurrence using a facility [[2]] 5 by a spatial position of the movable game elements 1 relative to at least one game event assessment means 3 located in the same space, and allotting a payoff. The game elements 1 and the game event assessment means 3 are also located in cosmic space outside the Earth, while the registering of a game event occurrence by the facility 2 is effected on the Earth.
